

## Biography:

Dr. Fatemeh Zandian, Assistant Professor of Knowledge and Information Science in 1993, defended her master's dissertation entitled "Evaluation of the total reference resources of the technical and engineering departments of three universities" at Tarbiat Modares University and the same year as a faculty member at the university. In the same year, she started working as a faculty member at Tarbiat Modares University.

In 2003, she defended her thesis entitled "Investigating the strategies for implementing the national information system plan in the country's universities" at the Islamic Azad University, Research Sciences Branch.

During her educational activities, Dr. Zandian has been the supervisor of more than 47 postgraduate students in the field of Knowledge and Information Science, as well as the counseling professor of 52 students.

## Research Interests:

- Management of university libraries
- Specialized intelligence services
- Management of information resources
- Planning in university libraries
- Military and service intelligence evaluation

## Educational background:

- Ph.D. (2004)

## Knowledge and Information Science

Islamic Azad University, Science and Research Branch, Tehran, Iran

- M.Sc. (1994)

Knowledge and Information Science

Tarbiat Modares University, Tehran, Iran

• Bachelor (1978)

English literature

Allameh Tabatabai University, Tehran, Iran

Degree	Start date	End date	University major of study	University	University location	
					Country	City
Discontinuous Masters		1993-9-23	Library and Information Science	Tarbiat Modares University	Iran	Tehran
PhD	1999-9-23	2003-5-22	Knowledge and Information Science	Islamic Azad University, Science and Research Branch	Iran	Tehran
Bachelor		1977-9-6	English Language and Literature	Allameh Tabatabaei University	Iran	Tehran

Thesis and dissertation titles

Degree	Title
PhD	Investigating the strategies for implementing the national information system plan in the country's universities
MA	Evaluating the reference resources of the technical and engineering departments of the three universities and providing appropriate suggestions for selecting and developing the resources of these libraries

66	Evaluation of Information Providers and Popular Search Engines on the Base of Postgraduate Students Perspectives			
67	A Statistical Analysis of Cited Books Occurring in LIS Postgraduate Dissertations			

#### Scientific papers published in the conference

1. An Evaluation of the Technical Reference Collection of the Three Universities of Iran

2. Evaluating the reference resources of the technical and engineering departments of the three universities and providing appropriate suggestions for selecting and developing the resources of these libraries
3. Strategies for the transition from traditional libraries to digital libraries
4. Description of the digital libraries role in supporting the e-learning process
5. Comparison of the use of electronic and printed journals by graduate students of Tarbiat Modares University
6. Attitudes of university librarians
7. Assessing the familiarity and attitude of faculty members of knowledge and information science towards the movement of free access to scientific information as a solution to the crisis of scientific information
8. A study on the relationship between the Managers Sources of Power of public libraries across the country with entrepreneurial Personality Characteristics
9. Examining the views of faculty members and librarians of the country's university libraries on the draft principles of professional ethics of Iranian librarians and informants and providing a framework for drafting the final regulations
10. Using the three-level pyramid model for general and specialized evaluation of Iranian cinema websites
11. Familiarity with the principles and framework of geocybernetics science

#### Books:

1. National University Information System
2. Paper
3. Information literacy training
4. Library building and equipment standard with a focus on information literacy for the disabled people: education and learning
5. A new look at librarianship and information
6. Practical studies, librarianship and information (Section of information needs of potential users of medicinal plants information system)
7. Familiarity with the concepts, principles and application of cybernetics

#### Research projects:

1. Performance record of Tarbiat Modares University Central Library 1999-2000
2. Identification and standardization of the process of informatics libraries with ISO 9000 standard
3. A study of the use of Tarbiat Modares University dissertations during the years 1999-2003
4. Book evaluation plan of Tarbiat Modares University Central Library
5. Designing specialized courses in library and information science education (LIS) in the public libraries of the country
6. Designing specialized courses in library and information science education (LIS) in the information centers of the National Iranian Petrochemical Company

7. The plan of the national information system in the universities of the country

Other research activities:

1. Design and operation of library and information science laboratory
2. Management of two courses of information literacy workshop
3. Reviewing a master's thesis
4. Responsible for setting up a library laboratory
5. Teaching the rules of life - Khums and financial obligations of Muslims
6. Workshop of Life Skills 1
7. Reviewing the master dissertation of Fatemeh Abbasi
8. Citation analysis of the structure of addiction scientific products based on Web of Science database in the years 2008-2013
9. Investigating the flow of knowledge in knowledge-based companies
10. Investigating the role of knowledge management in prioritizing human resources
11. Workshop of Explaining the Objectives of Article 1 of the Regulations for the Promotion of Faculty Members - Cultural and Social Activities
12. Reviewing the senior dissertation of Ms. Roghayeh Mirzaei
13. Reviewing the senior dissertation of Mr. Mohsen Tavakoli
14. Reviewing three articles for the Conference of Oswa Women
15. Participating in a workshop on lifestyle from the perspective of Nahj al-Balaghah
16. An Analysis of the Information Literacy Status of the Faculty Members of Payame Noor University in the Academic Years 2013-2014
17. Reviewing Ms. Poursalehi's doctoral dissertation entitled: Presenting a proposed model of information literacy education in primary school
18. Reviewing the dissertation of Ms. Zahra Habibi as: A comparative study of the familiarity and use of users of Payame Noor University of Tehran and virtual education of the University of Tehran from databases and identifying effective and inhibiting factors
19. Participating in the National Conference on Human Interaction and Information
20. Investigating the effect of the training course on the familiarity of Tabriz Central Library members with the facilities and library management software
21. Comparison of librarians in public and university libraries in Kermanshah
22. Responsible for the design, operation, and maintenance of the Library and Information Science Laboratory
23. Active attendance and membership in the meetings of the University Sisters' Council
24. Membership in the faculty mobilization (membership card)
25. Reviewing Parisa Rajabi's dissertation entitled (The role of using social networks in the socialization of the physically disabled people)
26. Business Plan
27. quiddity plan of technology in the humanities and the mechanism of interdisciplinary cooperation
28. Member of the Scientific Committee of the Second Congress of Information Science Specialists
29. Website designing for libraries and information centers
30. Storing and recovering data

31. Member of the Internal Evaluation Committee of the Knowledge and Information Science Department
32. Monotheistic insight, academic character, and production of Quranic science
33. I have been active in providing academic, professional, family, and cultural counseling to my group of students.
34. I adhere to religious, national, and revolutionary values in my commitment to honesty and trustworthiness.
35. Professors' symposium on the subject of familiarity with the latest changes in promotion regulations, status change and promotion of faculty members
36. A review of the impact of the role and importance of ethical characteristics and scientific abilities of librarians in attracting audiences to public libraries
37. Symposium (Iran-US, strategic confrontation and future scenarios)

Executive:

- 1- Member of Information Science and Technology Group in the 5th Farabi International Festival 15/8/2011
- 2- Head of the laboratory of the library department of the faculty 12/1/2011-12/1/2013
- 3- Member of the research council of the Faculty of Management and Economics 31/8/2010
- 4- Full member of the Strategic Committee of the Science and Technology Information System, 11/15/2008
- 5- Responsible for designing and launching the Library and Information Science Laboratory 27/9/2008
- 6- Member of the steering committee of the university information system of the Ministry of Science, 08/29/2006
- 7- Director of Library Department, 04/26/2006
